

SCOPE OF WORK AND SERVICES

Project: Electric Go Karts

- **Project Overview**

Develop, equip, manage, and maintain high-quality, reasonably priced go-kart track facilities and services to the public;

Promote and complement safe, enjoyable, and high-quality recreational experiences for all park users.

- **Description of Services**

A go-kart business will offer outdoor racing opportunities for go-kart enthusiasts. The **electrical go-kart** business will grant drivers the opportunity to engage in low or medium races on outdoor race tracks. Services include **electrical go-kart** rental, safety gear rental, custom race options, and by-the-hour track use.
